

Cow Brand Soap Kyoshinsha has been providing a wide variety of products for beauty, cleanliness and health as one of the leading manufacturers of skin cleansing preparations since our inception in 1909.

We have proposed a new basic principle “Everlasting gentleness and tenderness” since 2009 at our 100th year in business. As well as ensuring quality and safety products, we pursue steadfast efforts to provide cordial skin-care and environmentally-friendly products.

Precisely because our products are widely used in the households and closely related with human life, we recognize a great responsibility and have a big mission in mind to fulfill customer satisfaction.

Our hope is that we continue to advance together with customers and society that is changing.

We think Indonesia has vast potential in 21st century.

We would like to provide our good quality product and contribute people in Indonesia for beauty and health.

Fortunately, we can have an opportunity to meet a good partner for cooperation, we want to move forward together based on trust and vision.
